

Press Release – 01 May 2014

St Mary's Church Bells to be replaced...

'My Bike, My Bell...'

Local composer Rob Godman has teamed up with the innovative Guilden Morden C of E Primary School and other community groups to create a unique audio project coinciding with the Tour de France passing through Cambridgeshire. To be presented in St Mary's Church, Guilden Morden over the weekend of the 21/22 June 2014, *'My Bike, My Bell...'* is a playful interactive experience, primarily, but not only, for the younger community members of Guilden Morden.

For one weekend only, the bells of Guilden Morden's church will be replaced with the bells of children's bicycles. Bicycle Bells will announce the hour and a new peal will be composed! Inside the church, visitors will be able to interact with the system using their own wireless systems (iPhones, iPads etc) plus play with an interactive bicycle.

Rob will begin working with the children in the school over the next few weeks. Keep up to date with progress by visiting – <http://www.mybikemybell.com>

'My Bike, My Bell...' is supported by Cambridgeshire County Council's Cycle Legacy Small Grant Fund and the University of Hertfordshire
